

# H.B. 8002

## PLANNING & ZONING COMMISSIONER + STAFF WORKSHOP

OPEN TO TYCHE PLANNING & POLICY GROUP AND HALLORAN  
SAGE CLIENT COMMUNITIES

The recent passage of HB 8002 (November Special Session Public Act 25-1) has been the subject of much discussion since it was signed into law. Much of the language within the Act is directly applicable to municipal Planning & Zoning Commissions and will require all communities to take some form of action in the coming months.

This session will include an overview of the relevant sections of the Act, what we know, (and what we don't) and how this should be addressed at the local level. The session will conclude with an opportunity for attendees to ask questions and participate in a more general discussion about how these requirements may affect various aspects of the land use process, etc.

**7:00pm**  
**March 11, 2026**

**Virtual Meeting**
